Tel: Beaconsfield 1101

Public Health Department,  
Council Offices,  
Beaconsfield.

July 1964.

To: The Chairman and Members of the  
Beaconsfield Urban District Council.

Mr. Chairman, Ladies and Gentlemen,

I have the honour to present my Annual Report on the environmental health and sanitary circumstances of the Council's district for the year 1963.

In preparing the report, the Public Health Inspector has been of very great assistance and I would like to place on record my appreciation of his help. The standard of health within this district is high and the health services maintained by both the Council and the Bucks County Council are extremely satisfactory.

It is apparent that both sewage works were not originally designed to handle the amount of sewage that is at present gravitating to them. The sewerage systems are adequate and have been operating satisfactorily but I would like to support any action which this Council is thinking of taking to improving the existing facilities.

In conclusion, I would like to thank my colleagues, the Council's other Chief Officers, for their co-operation and assistance throughout the year.

I have the honour to be

Your obedient servant,

R.E. Atkinson.

Medical Officer of Health.

### GENERAL AND VITAL STATISTICS

#### 1. General

Population (Estimated mid-year)	...	...	...	...	10,540
Area (acres of District)	...	...	...	...	5,314
Number of habitable houses (per rate book), as at 1st April 1964	...	...	...	...	3,086
Rateable value of area	...	...	...	...	639,883
Sum represented by 1d. rate	...	...	...	...	£2595

#### 2. Vital Statistics.

(a) <u>Live Births:</u>	<u>Males</u>	<u>Females</u>	<u>Total</u>
Legitimate	90	85	175
Illegitimate	6	4	10
Total live births	96	89	185

Illegitimate live births per cent of total live births...	...	...	...	5.4
Live birth rate per 1,000 population	...	...	...	17.5
Comparability factor	...	...	...	0.99
Corrected birth rate	...	...	...	17.3

(b) Still-birth rate per 1,000 live and still-births	10.7
Total live and still-births.	187

#### (c) Deaths:

Infant deaths	...	...	...	...	5
Infant mortality rate per 1,000 live births	...	...	...	...	27.0
Neo-natal mortality rate per 1,000 live births	...	...	...	...	4
Maternal deaths (including abortion).	...	...	...	...	0
Death rate per 1,000 population	...	...	...	...	8.6
Comparability Factor	...	...	...	...	1.12
Corrected death rate per 1,000 population..	...	...	...	...	9.6

The corrected birth and death rates are those which are obtained when the crude local rates are adjusted to make allowance for the way in which the sex and age distribution of the local population differ from that of England and Wales. The corrected rates are comparable with the crude rates for England and Wales and the corresponding corrected rates for any other area.

### Causes of Death

As will be seen from the following table, the two principal causes of death were diseases of the heart and circulation, which caused 36.3% of the deaths and cancer which caused 25.3%.

### SECTION III

#### NATIONAL ASSISTANCE ACTS, 1948/51

##### Section 47

Under this Section when persons (a) are suffering from grave chronic disease or, being aged, infirm or physically incapacitated, are living in insanitary conditions, and (b) are unable to devote to themselves, and are not receiving from other persons, proper care and attention, the Local Authority may apply to a court of summary jurisdiction for an Order to remove the person to a suitable place. It has not been necessary to take any action under this Section during the year.

##### Section 50

Under this Section the District Council has the duty to arrange for the burial of any person who has died in their area, if no suitable arrangements for the disposal of the body are being made. There has been no cause for any action under this Section.

### SECTION IV

#### PREVALENCE AND CONTROL OF INFECTIOUS DISEASES

Apart from an epidemic of measles, the district was comparatively free from notifiable infectious disease during the year.

## Service of Notices

No. of Informal Notices (all types)	
served during 1963	19
No. of Informal Notices complied with	21
No. of Statutory Notices served during 1963	Nil

### 1. Water Supply

There is a piped water supply to the whole of the Urban District. The supply is provided by the Rickmansworth and Uxbridge Valley Water Company and the Bucks Water Board. The former serves the Old and the New Towns and the latter Holtspur and District.

The water contains a high degree of temporary hardness and therefore no problems from plumbo-solvency occur. An adequate supply has been maintained throughout the district during the year. The water samples sent for Bacteriological Examination proved to be satisfactory.

There are now no wells supplying drinking water within the district.

### 2. Drainage and Sewerage.

Nearly the whole of the district is connected to one of the two sewerage systems. The Old Town is sewered to a modified broad irrigation works at Hedgerley Lane and the New Town and Holtspur areas are sewered to the disposal works off Riding Lane at Holtspur.

The majority of the cesspools remaining are for premises which are outlying and these are emptied free, within 48 hours of receiving notification.

It is apparent that both sewage works were not originally designed to handle the amount of sewage that is at present gravitating to them, and although many modifications have been made over the years to cope with the increased quantity, it is considered that some extensive alterations or other arrangements will have to be made in the near future. The sewerage systems however, are adequate.

### 3. Collection and Disposal of Refuse

The house-to-house collection of refuse has been maintained on a weekly basis throughout the year. Twice weekly collections are made to shop premises as required, and in these cases a small annual charge is made.

The refuse is taken to a private tip just outside the Beaconsfield Urban District and is being used as back-filling to a gravel pit. The paper salvage is sorted, baled and sold to one of the local paper mills. Metal is taken by a scrap merchant.

Thirteen Informal Notices were served on private households requiring renewal of defective dustbins.

### 4. Housing

The number of properties, shown below, controlled by the Council at the end of December 1963, was 751 as compared with 767 at December 1962. The reduction is accounted for by the demolition of 18 prefabricated bungalows to make way for new Council house development.

<u>Housing Accommodation:</u>	<u>December 1962</u>	<u>December 1963</u>
Pre-war Council Houses & Flats	224	224
Post-war Council Houses & Flats	503	505
Prefabricated Bungalows	<u>40</u>	<u>22</u>
	767	751
	<u>      </u>	<u>      </u>

Since the war, the Council have made every effort to provide units of varied accommodation for all needs, as follows:-

4 Bedroom (Parlour) Type Houses	...	...	4
3 Bedroom (Parlour) Type Houses	...	...	20
3 Bedroom (Non-Parlour) Type Houses	...	...	220
2 Bedroom (Non-Parlour) Type Houses	...	...	133
Bungalows	...	...	15
Flats	...	...	<u>113</u>
			<u>505</u>

The following figures show the housing development in the district during the last ten years:-

<u>Year</u>	<u>Private Development.</u> <u>No. of Housing Units</u>	<u>Council Development</u> <u>No. of Housing Units</u>	<u>Total</u>

There are at present 51 private and 30 Council houses under construction.

5. Housing (Financial Provisions) Act, 1958  
House Purchase and Housing Act, 1959

Standard Improvement Grants

9 applications were received during the year. 3 were completed and the following amenities provided:

Water Closets	...	...	...	...	3
Washbasins	...	...	...	...	2
Bath	...	...	...	...	1
Hot Water System..	...	...	...	...	1
Ventilated					
Food Cupboards	...	...	...	...	3

The total grant paid on these three properties was £260.

Discretionary Improvement Grants

It is the policy of the Council to issue Discretionary Grants in very special circumstances only. No applications have been received which fall within this category.

## 6. Housing Act, 1957

The following is a summary of day-to-day complaints of housing defects dealt with during the course of the year by informal action:-

Repairs to gutters	...	...	...	...	...	1
Repairs to chimney stacks	...	...	...	...	...	2
Repairs to roofs (dampness abated) ..	...	...	...	...	...	3
Repairs to drains (including rainwater drains) ..	...	...	...	...	...	2
Repairs to window frames	...	...	...	...	...	2
Repairs to water closet.	...	...	...	...	...	1
Repairs to doors	...	...	...	...	...	2
Repairs to wall (dampness abated) ..	...	...	...	...	...	1
Repairs to plaster	...	...	...	...	...	1
Repairs to sashcords	...	...	...	...	...	2

A closing order was served on the owner of one house and the occupants re-housed.

## 7. Moveable Dwellings

An appeal against the planning conditions imposed upon two caravan sites within the district in regard to the restriction of numbers and other matters was heard on 26th March, 1963. The appeal was allowed. The Minister's decision in regard to the numbers of caravans was that as the sites were established as caravan sites the control of the numbers should more properly be exercised under the site licences. The legal procedure required to establish this is at present in train.

## 8. Rodent Infestation and Destruction

A summary of the number of rodent infestations dealt with during the year ended 31st December, 1962, is shown below:-

Number of premises inspected for rats & mice (after notification of infestation)	95
Number of premises inspected for rats & mice whilst attending to other matters (estimated)	200
Number of treatments (private & business premises)	66

The estimated figure of 200 has mainly been made up of building inspections carried out when premises are being built, altered, extended or modernised. Ten notices requiring structural works were served.

## 9. Disinfestation

One infestation of ants, one of fleas and five wasps nests were destroyed during 1963.

## SECTION VI

### INSPECTION AND SUPERVISION OF FOOD

#### 1. Milk and Dairies (General) Regulations, 1959

The Bucks County Council, as the Food and Drugs Authority, sample milk produced in the district. These samples are sent for bacteriological examination, primarily for Tubercle Bacilli. The examination also, however, reveals the presence of Brucella organisms. When such organisms are isolated, the District Medical Officer of Health is informed.

One dairyman in the district produces and bottles his own T.T. milk, which is sold raw. He has agreed to carry out six monthly "Ring Tests" on the milk produced. The milk from cows giving positive results is sent to be pasteurised.

It is a great pleasure to record the co-operation which this department has received, both from the dairyman and his Veterinary Surgeon.

#### 2. Food Hygiene Regulations, 1955

Routine inspections of the premises subject to the above Regulations have been carried out, and where necessary, the owners have been asked to make alterations or additions.

#### 3. Food Inspection

The following foodstuffs have been voluntarily surrendered as unfit for human consumption:-

<u>Description</u>	<u>CWT.</u>	<u>QRS.</u>	<u>LB.</u>	<u>OZ.</u>
Home killed Meat	0	0	6	0
Imported Meat	0	1	12	0
Canned Meats	0	0	10	0
Other Foods	0	0	8	0

515 packets of frozen food were also surrendered following a breakdown in a refrigerated cabinet.

A few complaints were received about food which was alleged to contain foreign bodies when purchased. These complaints included a finger nail in a walnut square, a hair in a minced tart, a beetle in a tin of peas and weevils in pearl barley. All these complaints were fully investigated and in all cases the retailer, the wholesaler, or the producer were immediately notified, and representatives from the firm invited to examine the food. Each case was reported to the Council giving the facts ascertained and, where considered expedient a warning letter was sent.

The Council takes a serious view of all complaints of this nature and although no legal proceedings were taken, the warning letters intimated that should the firm be involved in any further complaints of a similar type legal proceedings would be instituted.

4. Food and Drugs Act, 1955. Section 16

There are now 34 shops selling ice-cream within the district, only pre-wrapped ice-cream being sold.

SECTION VII

1. Pet Animals Act, 1951

There are no Pet Animal shops within the district.

2. Game Act, 1831

Number of Game Licences issued:- 7

3. Petroleum Regulations Act, 1928 & 1936

Number of Licences renewed:- 12

A total of 23 inspections were made under the Regulations.

4. Rag, Flock and Other Filling Materials Act, 1951.

Number of premises registered:- 1.
